## SOME TIPS ON PREPARING A SUCCESSFUL PROPOSAL

The LWML Chesapeake District Executive Committee will consider the following:

- Does the grant project help us reach the unreached with God's Word and Sacrament?
- Does it minister to individuals or groups with special needs – the homeless, the disabled, cross-cultural populations, etc.?
- Does it encourage and support preparation for Christian ministry?
- Does the project wisely use Mites to reach many?

Needs less likely to be funded as grants are:

- Salaries,
- Building costs,
- Routine maintenance of property or buildings,
- A large project without specifics as to the mission grant's purpose/use
- Production of new materials where good materials are available from other sources

Write the RESOLUTION using the format provided. Only the resolution appears in the convention manual and it is strictly limited to one page, so clear concise wording is a must!

Keep the INFORMATION PAPER as brief as possible. The additional information we ask for should require one to three pages, no more. Do include the name/position & address in the United States to which the funds should be delivered when available.

Provide CLEAR DIGITAL pictures! Digital photographs are required for use in preparing the video/slide presentation on proposed grants for the convention in September 2020.

Observe the ~~April 6, 2020~~ **May 4, 2020 closing date**. We will not accept proposals after this date. After a review of the proposals by the Executive for Mission and Ministry of the LCMS Southeastern District, the Chesapeake District LWML Board of Directors will meet in **June 2020**, to select the Grant Proposals to appear on the ballot for the **September 2020** District Convention. All submitters will be notified of the status of their proposals following this meeting.

**Grant Proposals on the convention ballot will be selected by plurality vote.** Grants will be ranked and paid in order of rank as funds are received by the District. Our bylaws require funds to be dispersed or put to use within a four-year period from the time of the vote. The convention voting body may extend this time for special circumstances. When changes occur in the plans of an adopted project, the Board of Directors **should be notified in writing and** has the prerogative to reconsider the project.

## ACCOUNTABILITY REQUIREMENTS

### FOLLOWING RECIPIENT'S RECEIPT OF MISSION GRANT FUNDING

In fairness to the members of the Chesapeake District who fund the mission grants through the giving of mites, it is only reasonable that they receive accountability for their mite donations well spent. It is the duty of the Mission Outreach & Grants Vice President to provide accountability to the Chesapeake District Executive Board, and so to all members of the Chesapeake District.

To provide this accountability, the recipient of the mission grant funds is expected to provide the following information to the Chesapeake District Executive Board of the LWML through the Vice President of Mission Outreach & Grants within six months of receiving funding for their mission grant:

- a communication noting receipt of the mission grant funds to VP of Mission Outreach & Grants upon receipt of said funds.
- an itemized account of the grant funds uses/expenses (statements/invoices).
- the expenses should clearly reflect the original request of the grant proposal.
- the accomplishment of goals as specified in the grant proposal should be explained/noted.
- digital photographs showing the installation and/or usage and/or results of items funded
- any other relevant information that may be published in our Chesapeake District newsletter, "The Chesapeake Breeze", and/or of use to show accountability to our LWML members online, by email, and/or by other methods in everyday use.

Where possible, bearing **security of information** in mind, email is the preferred form of communication.

We rejoice in hearing news from our Mission Grant recipients at any time. Our prayers are with you always.
